

LIANYI rubber

Xi'an Lianyi Rubber Components Co., Ltd. locates in Xi'an the world famous ancient city in China. Lianyi Rubber is a professional silicone products manufacturer with 9 sets advanced LSR injection moulding machines introduced from Germany and Japan, it is specialized in manufacturing silicone baby bottles and nipples.

Our company is ISO-9001-2000 / ISO14001-2004 approved. The baby bottles and nipples are BPA, Phthalate, PVC, Latex and Lead Free, they fully comply with FDA and EN standard and CPSIA approved.

OEM business, contract manufacturing, processing with supplied drawings and samples are welcomed. All injection moulds are created in our own engineering department with computerized machining centers.

**Liquid Silicone Rubber Teats
Simulate design replicating tactile
experience of breastfeeding**

XI'AN LIANYI RUBBER COMPONENTS CO., LTD.

LIANYI rubber

Silicone baby bottles offer a safer feeding solution

Silicone Bottles collapse as air is released giving baby a bubble-free feed whilst replicating the tactile experience of breastfeeding and helps reduce baby-feeding problems like colic, spit-up and reflux.

XI'AN LIANYI RUBBER COMPONENTS CO., LTD.

LIANYI rubber

Silicone baby bottles offer a safer feeding solution

The bottle and components are made of
FDA-approved material
and BPA, Phthalate, PVC, Latex & Lead free.

So the only touching
the baby's milk is silicone.

Comply with FDA and EN standard and
CPSIA approved

**Comes in four sizes - Regular Neck - 120ml (4oz) and 200ml (7oz)
- Wide Neck - 150ml (5oz) and 260ml (9oz)**

LIANYI rubber

**No plastic, no glass, just silicone?
Very interesting!**

**What would happen if we skipped the
glass and went
straight for the silicone?**

Made of pure food grade
liquid silicone the
bottle body is 100%
flexible and heat durable,
soft silicone body
supported by
the plastic collar and
ring just
like exo-skeleton.
So the only touching the
baby's milk is silicone.
